

OUR SCHOOL

Sturgeon Composite High School is one of the most respected high schools in Alberta, providing public education to 750 students from grade 10-12. We offer one of the widest range of high school programs in the region where students can select from numerous trades and occupations to explore. We're a high performing school that offers strong, well-rounded academic programs. We have a positive reputation and strong relationship with post-secondary institutions.

LEARN WHAT YOU LOVE

We offer exciting, engaging programs that suit every student's interests and goals!

- Registered Apprenticeship Program allows students to begin apprenticeship training in high school
- Provincially recognized for one of the best Career and Technology Studies (CTS) programs

Sturgeon Composite High School

NEW AT SCHS

Sturgeon Composite High School has recently undergone a \$35 million modernization project. The revitalized facility will feature various improvements to enhance learning opportunities for students and the overall experience for parents, staff and school visitors. We're also introducing new and exciting programming!

DUAL CREDIT

Students will have the opportunity to participate in apprenticeship/post-secondary training or college/university courses, earning both high school and post-secondary credits for the same course.

SCIENCE EXPLORATORIUM

Based on STEM (science, technology, engineering and math), this will be a hands-on laboratory designed for inquiry-based experiences, particularly ideal for students pursuing this path.

TRANSPORTATION

Sturgeon Public School Division provides safe, dependable and efficient transportation for students.

The division operates more than 60 yellow school buses, depended on by roughly 4,000 students to get to and from school each day.

Visit www.sturgeon.ab.ca/Transportation.php for information on eligibility, bus stops, daily status updates, attendance maps, online applications and more.

PROGRAMS

Our exciting, engaging programs suit every student's ability, interests and goals!

ALBERTA CURRICULUM

Sturgeon Composite High School follows the Alberta Curriculum, which specifies the knowledge and skills that students are expected to learn, set by Alberta Education.

ATHLETICS

SCHS offers a wide variety of opportunities for students to learn active, healthy lifestyles. Physical education, sports and clubs help students build skills, friendships, teamwork, confidence, discipline and perseverance. We pride ourselves on our provincially ranked athletic teams and our sportsmanship in all competitions.

REGISTERED APPRENTICESHIP PROGRAM

RAP allows high school students to earn credit toward a high school diploma and an apprenticeship program at the same time. Students can select from more than 50 trades and occupations to explore. Each student is paired with an employer, providing invaluable experience and training and a distinct post-graduation advantage.

WORK EXPERIENCE

Work Experience allows high school students to explore a career path and get ahead with valuable skills training. We partner with community organizations to offer students opportunities under the cooperative supervision of a teacher and employer. Students gain experience, build marketable job skills and earn high school credits.

KNOWLEDGE & EMPLOYABILITY

This unique program is available for students who learn best through hands-on activities. Learning skills essential for the workplace, community and home, students obtain a sense of success and entry-level job skills.

INCLUSIVE EDUCATION

SCHS embraces the uniqueness of all students, each bringing diversity and strength to our school culture. We work to include and support students with diverse learning needs. Through our Learning Towards Independence and Life Skills programs, we strive to maximize a student's potential and success.
