

# Bon Accord Community School

Everyone a Teacher...  
Everyone a Learner

## Our School

As a school focused on student leadership and citizenship, our philosophy is “everyone a teacher, everyone a learner”. We bolster a well-rounded academic program with extracurricular options like a strong music program, coding club and a variety of athletic opportunities. Our teachers engage students in our early childhood programs with the innovative Reggio-Emilia inspired approach to learning.

We have a strong connection to our community and outdoor spaces and appreciate the large role both play in our school. Our town is a place to extend the curriculum, with kindergarten students visiting the fire department and post office, and Grade 1 classes learning community studies. Many parents volunteer with hot lunch programs, the library and classrooms.

## At-a-Glance

### COMMUNITY FOCUSED

Together we nurture the love of learning in a caring, compassionate environment.

### ADVENTUROUS & ACTIVE PROGRAMS

Athletics include swimming, daily physical activity and a variety of division-wide activities.

### PASSION FOR THE ARTS

We have outstanding music and art programs. Our students have worked on community art pieces and play a wide variety of instruments in our progressive music classes.

### EVERYONE A LEADER

Focused on student leadership and citizenship with opportunities and activities to connect students and families with the community.

### MAKERSPACE

Makerspace allows students to engage in STEAM activities and apply their knowledge in practical and hands-on ways.
