**Responsible Administrator: Deputy Superintendent, Education Services** 

## PURPOSE

This procedure is part of the Division's Responsible Use of Technology strategy. For eligible staff members, an alternative to a Division provided mobile device is a monthly reimbursement to the employee.

Security of information, and the tools that create, store and distribute that information are vital to the long-term health of our organization.

The reimbursement is intended to cover the following:

- Business portion of the mobile device plan through a service provider
- A portion of the monthly reimbursement is to be considered for future physical device replacement/upgrade

This procedure applies to all employees who have been identified as requiring a mobile phone for the purpose of conducting business on behalf of the Division. These employees are identified by the Associate Superintendent, Corporate Services.

This procedure provides rules for the acceptable use of personally owned devices on the corporate network.

## PROCESS

The Deputy Superintendent, Education Services is responsible for maintaining this Administrative Procedure.
