Updates to Policy 110: Welcoming and Inclusive, Safe and Healthy Environments

At the March 20th Public Board Meeting, the Board of Trustees approved *Board Policy 110: Welcoming and Inclusive, Safe and Healthy Environments*. This policy, part of our ongoing review process, has been updated to more broadly encompass all members of our school community, including volunteers, in line with our commitment to equity, diversity, inclusion and human rights.

Significant updates include the enhancement of Policy 110 to foster environments free from harassment, bullying, discrimination and violence. Additionally, Administrative Procedure AP711 has been revised to align with these policy updates, ensuring a safe and respectful atmosphere for everyone in the Sturgeon Public School Division. Furthermore, a new Administrative Procedure, AP717, focusing on Workplace Violence and Harassment, has been established to reinforce our dedication to maintaining a secure and welcoming environment.
